details

Hauling stadium lights up to structural pillars then securing and wiring in the lighting.

Securing electrical conduite to large radial Structural cable systems. Traveling horizontally along the cables with rope to rope

Rope access FAC inspection

Rig for rescue rigging for access to the inside of a large bore vertical steam pipe

Lvl 3 training

Rigging system for inspectors and rescue standby

Fiberglass repair

Fiberglass repair

UT thickness inspection of piping systems.

Ultrasonic inspection of turbine blades

Ultrasonic inspection of turbine blades
